Superintendent's Report To the Public

BOE Meeting

4/24/07

- 1. The final phase of the new Multi-Purpose Athletic Building has been completed. A synthetic, rubberized all purpose floor has been installed. The basketball court is college length @ 92 feet and the volleyball court is high school regulation size. This is an outstanding facility that the entire community can take pride in. We will announce in the near future when the official ribbon cutting and open house will be held.**
- 2. Academics have always been first and foremost for Haleyville City Schools. It is with great pride to announce that 100% of this year's graduating class has passed the Alabama High School Graduation Exam. Very few other systems can say this. Congratulations to the students and the faculty on this major accomplishment.**
- 3. The Elementary School has been selected as one of twelve schools state wide as a CLAS (Council for Leaders of Alabama Schools) Banner School for 2007. This is because of the success of the Renaissance Program that Mr. O'Rear and Mr. Satcher initiated this year. This is the fifth state wide award for the Elementary School. Good things happen when good things are happening!**
- 4. This is the time of year when personnel changes take place. We had several tonight and will have more next month. This Board tries to handle as much personnel matters as possible before the summer break. I would like to thank**

Mrs. Creel for her service to our English Department and for being the faculty advisor for the SGA. We wish her much happiness in retirement.

- 5. This Board held Working Sessions last night and this afternoon. Long and short term objectives for our system were discussed and the Alabama Association of School Boards conducted a new board member orientation. Mrs. Sally Howell, Associate Director of AASB facilitated the workshop. Mrs. Betty Denton of the Houston Jail Preservation Society presented their plans of saving the old jail site and how the local schools can be involved in the project. No official action was taken.**

- 6. The next regular session of the Haleyville City Board of Education is planned for May 22 at 7:00 pm here in the Choral Music Room of Halcyville High School. A Working Session will proceed.**
